

Projekt: Izdelava avtomatskega stroja za izdelavo ventilov

Za masovno proizvodnjo kuhinjskih armatur, smo izdelali stroj za avtomatsko montažo; vijačenje, lepljenje in zategovanje ventila na točno določeno silo. S strojem smo združili tri proizvodne procese in pospešili proizvodni cikel.

Izdelava programskega vmesnika Siemens, vključitev krmilnika iz serije S7-1200, 5,5kW motorno gonilo (reduktor) in frekvenčnim pretvornikom za upravljanje s strojem.

EMC vključuje tudi industrijsko opremo za obdelavo in predelavo sipkega materiala v silosih, proizvodnih procesih, vibracijskih sistemih in sistemih za ravnanje z odpadki.

Industrial Solution Systems

VISION

Vision of company EMC, is the directed to innovative product development and planning services for industry, including the distribution of industrial equipment, which have a sufficient criterion of high quality at a competitive price.

MISSION

of company EMC is to provide optimizations for production to achieve greater productivity and reducing costs. Automation & renovation for safety concerns for each workers

OBJECTIVE

Responsibility for environment in mind and knowhow services, we offer high-quality, innovative solutions and products, where we achieve the result to make work faster and makes it easier for workers. Mutual respect and follow positive bussines relationships.
